Great Reduction of Prices

AT THE CHEAP GROCERY!

CORNER OF DIAMOND AND CHAMBERSBURG STREET.

JOHN M. SWAN,

Having just returned from the city, respectfully informs his customers, and the public, that he has succeeded in forming a connection with one of the first Importing Houses in the city of Baltimore, by which he is enabled to offer Groceries at a lower figure than they can be purchased elsewhere in the county.—He is prepared to sell

COFFEE	25	cents per lb.
SUGAR,	10	"
SYRUP, from	40	" to $1.20,

and all other things at corresponding rates.—If you would save money, call at the Cheap Grocery, corner of Diamond and Chambersburg street. He sells exclusively for Cash, and is determined to be ahead of all others in selling cheap. Give him a call before purchasing elsewhere. JOHN M. SWAN.

Barron's Safety Lamps,

AND

LIG-RO-INE (Red) FLUID.

PATENTED.

THIS Lamp apparently burns *without anything to feed it.* It has, however, a material which absorbs the liquid and gives it to the flame, partly from the wick, and partly in the form of gas, but so as to produce perfect combustion, and is very economical and safe.

It is used without a chimney, and perfectly trimmed, does not smoke or smell; it is therefore especially adapted to the purposes of a "man about," night, nurse, shop or hotel lamp, or lantern. The cost of broken chimneys, alone, will more than pay the cost of this lamp. Every family needs one or more.

"It is just what I have been long looking for," writes a model house-keeper.

"I should hardly know how to do without it," writes another.

"A perfect contrivance," writes a third.

"Let those who are skeptical try it," writes a fourth.

Globe Inn,

YORK ST., NEAR THE DIAMOND,

GETTYSBURG, PA.—The undersigned would most respectfully inform his numerous friends and the public generally, that he has purchased that long established and well known Hotel, the "Globe Inn," in York street, Gettysburg, and will spare no effort to conduct it in a manner that will not detract from its former high reputation. His table will have the best the market can afford—his chambers are spacious and comfortable—and he has laid in for his bar a full stock of wines and liquors. There is large stabling attached to the Hotel, which will be attended by attentive hostlers. It will be his constant endeavor to render the fullest satisfaction to his guests, making his house as near a home to them as possible. He asks a share of the public's patronage, determined as he is to deserve a large part of it. Remember, the "Globe Inn" is in York street, but near the Diamond, or Public Square. SAMUEL WOLF.

BELL'S Concentra'd Flavoring Extracts!

EQUAL to any in the market and superior to many, in larger bottles, and at old prices.

Wholesale agents for Baltimore,

BURROUGH BROS.,

Wholesale Druggists.

LIST.—Lemon, Orange, Vanilla, Rose, Peach, Nutmeg, Celery, Allspice, Cloves, Ginger, Birch, Cinnamon, Apple, Mulberry, Pine Apple, Banana, Mace, Raspberry, Pear, Pepper, Parsley, Strawberry, Bitter Almond, and Savory spices.

The great difficulty heretofore experienced in procuring true Flavoring Extracts, has induced the proprietor to spare no pains or expense in giving to the public an article which will be found true to its name, and which will in no instance be a source of disappointment.

It will be observed that our extract of Lemon and Orange is a prepared extract from the Peel which any one may be convinced of by merely smelling them.

The price of Vanilla Beans, too, has caused more useless Extract of Vanilla to be manufactured and sold than any other essence; being either made from Tonka Beans, or some other fictitious compound. In our Extract we WILL GUARANTEE A PURE ARTICLE! made from the true Bean, without any foreign substance whatever.

Bell's Worm Syrup.

THE MOST INNOCENT, PLEASANT AND EFFICIENT REMEDY IN USE.—A REMEDY PERFECT IN ITSELF.—*No Castor Oil to be Taken.*—In this Preparation we have included such remedies only as have been tried for years and are known to possess powerful anthelmintic virtues, combined with mild aperients, pleasant aromatics and sugar. Anthelmintics of themselves cannot priform their peculiar functions or have the desired effect, unless the bowels are kept moderately open. To produce this, gentle purgatives are necessary and such only ought to be used that cannot interfere with the anthelmintic employed. The advantages we claim for this Syrup are:

1st. Its power of DESTROYING AND EXPELLING WORMS!

2d. Its mild aperient effect upon the bowels.

3d. Its pleasant taste and odor are advantages possessed or claimed by very few Vermifuges.

4th. Its harmless influence upon the system, consequently no injurious effects will result from its use should the patient have no Worms, but an apparent disease, arising from some other unknown cause, which is frequently the case.

The constituents of this Syrup and its effects are known to many Physicians, who are now using it in their practice to a large extent.

Price 25 cents a bottle.

The Greatest Liniment in Use.

BELL'S WHITE OIL!—*The Blandest, Cleanest, most Penetrating and most Economical Liniment in Use.*—A powerful Oleaginus Compound for the Speedy Cure of Rheumatism, Strains, Sprains, Wounds, Numbness of the Limbs, Frosted Feet and Hands, Spavin, Saddle Galls, Poll-Evil, Ring Bone, Bruises, Swellings of all kind, and in fact every disease for which an Embrocation is applicable, either in Man or Beast. Price 25 cents a bottle.—This preparation, which is original with us, will be found to be one of the nicest and at the same time one of the most reliable applications extant.

Having been employed very extensively since its introduction and feeling satisfied of its remedial properties, we recommend it with the utmost confidence, knowing that no one will be disappointed in its use. It is, as its name implies, a white liniment of the consistency of cream, containing nothing offensive, but, on the contrary, will be found more pleasant than otherwise.

Bell's Alterative,

OR CONDITION POWDERS!

FOR HORSES, CATTLE & SWINE.

25 cents a paper, or five papers for $1.

The immense sale of these Powders during the short period they have been before the public, is a sufficient guarantee of their great popularity, and the decided benefits derived from their use.

They are confidently recommended not only as a preventive, but as a complete cure for all diseases incident to the HORSE, COW or HOG, as Loss of Appetite, Coughs, Heaves, Yellow Water, Distemper, Glanders, &c., &c.

By their use the Horse's Appetite is improved, all derangements of the digestive organs corrected, softening the skin, and giving to the coat a sleek and shining appearance, and may be used with perfect safety at all times, as it contains no ingredients which can injure a horse, whether sick or well.

They cleanse the breathing apparatus by ejecting from the air cells coagulated matter, or that formation which so severely clogs them, causing a tightness in breathing, and by their peculiar action on that part, they cause the mucus membrane to resume its natural dimensions, thus equalizing the circulation of the blood and restoring the distended vessels to their natural size.

For fattening cattle they are invaluable, also possessing peculiar properties in increasing the quantity of milk in Cows, thereby giving them an importance and value which should place them within the hands of all interested.

All diseases to which the Hog is subject, as Coughs, Ulcers in the Lungs and Liver, and as a general purifier of the blood we guarantee their efficacy if once fairly tried.

Selected Poetry.

☞ The following is one of Eliza Cook's most touching effusions:

HANG UP HIS HARP; HE'LL WAKE NO MORE!

BY ELIZA COOK.

His young bride stood beside his bed,
Her weeping watch to keep;
Hush! hush! he stirred not—was he dead,
Or did he only sleep?

His brow was calm, no change was there,
No sigh had filled his breath;
Oh! did he wear that smile so fair
In slumber or in death?

"Reach down his harp," she wildly cried,
"And if one spark remain,
Let him but hear 'Loch Erroch's side;'
He'll kindle at the strain.

"That tune o'er held his soul in thrall;
It never breathed in vain;
He'll waken as its echoes fall,
Or never wake again."

The strings were swept; 'twas sad to hear
Sweet music floating there;
For every note called forth a tear
Of anguish and despair.

"See, see!" she cried, "the tune is o'er,
No opening eye, no breath;
Hang up his harp; he'll wake no more;
He sleeps the sleep of death."

LOOK ALOFT.

BY AMOS A. ROTH.

If on life's sea dark storms arise,
And aid cannot be found,
If clouds in darkness veil the skies,
And thunders roll around,
Look aloft.

If friends forsake thee and the world
Grows careless of thy sighs,
If worldly taunts at thee are hurled,
And all thy griefs despise,
Look aloft.

If fickle fortune with her hand,
Should cast thee from thy place,
Then smile at fate and yet demand
Thy right to run the race,
And look aloft.

Take hope whilst hope may yet be had,
And thou shalt rise again,
Thou wast not made to die thus sad,
For all thy grief and pain,
But look aloft.

High o'er thy head thy maker reigns,
The ruler of thy fate,
And for thy earthly grief and pains,
A crown does thee await,
Then look aloft.

When heaven and earth have passed away,
And all thy griefs are o'er,
Thou'lt reign with God through endless day,
And sigh and weep no more.
Oh look aloft.

Gettysburg.

Agricultural & Domestic.

SEVERAL THINGS.

Cows give more or less milk, according to the Prussian agricultural annals, in proportion to the quantity of water taken by them. A cow which produces little or no milk is satisfied with eight or ten quarts of water, or less, per day; as soon, however, as she begins to give milk, she will consume twenty or more quarts per day. The quantity of milk produced is said to be always in proportion to the quantity of water swallowed by the cow. When cows are kept in the open air pasturing, it has been observed that those which most frequently go to the water are those which yield the most milk.—Stall-fed cows produce nearly twenty-five per cent. less milk than others, because dry forage contains not the same large proportion of water as pasture-feed.

Influence of railroads on the hatching of eggs.—A peculiar effect of the proximity of railroads on the hatching of eggs has been mentioned in some French papers. It has been found that there are scarcely any chickens raised in all those poultry yards which are situated in the immediate neighborhood of the rails of a much frequented road. This fact has been observed in various parts of France, and is supposed to result from the earthquake-like trembling or shaking of the soil caused by a passing railroad train, which exerts an unfavorable influence on the eggs. It would be, indeed, interesting to learn whether something similar to this has been noticed on this side of the water.

A new method of shoeing refractory, unmanageable horses.—A thick blanket is in the first place thrown over the head of the horse to prevent it from seeing anything. A man then takes his position in front of the horse, and on the first sign of kicking or resistance of any kind, administers one or two smart blows on the side of its head, leaving his hands for some time on the smitten part. The horse gets frightened and allows the shoeing process to be finished without interruption. This simple remedy has succeeded where all the previously used means have failed.

Freckles are removed in a surprisingly short time, by a perfectly new process which probably no one besides the writer is acquainted with. This process I have tried first on my own person, and the good effect obtained warrants its general introduction into the toilet rooms and "boudoirs" of the world. Here it is: Take powdered nitre (saltpetre,) any small quantity, and apply it to the parts affected by the finger, moistened and dipped in the powder. This is the whole proceeding; when properly done and judiciously repeated, it will remove all freckles from the face.

How to make Preston's Essence of Salts, (for smelling, in headaches, etc.) Take

Oil of Cloves, half a drachm,

Oil of Lavender, one drachm,

Oil of Bergamot, two and one-half drachms.

Ammonia, Carbonate of, one and a half ounces, powdered.

Keep in well-stopped glass bottles.

How to make a drunken man sober in one minute.—Give him acetate of ammonia, one and a half ounces, which immediately sobers him. It is a very cheap article, perfectly harmless, and is easily prepared in all good drug stores.

Offensive breath is cured very easily, and the mouth entirely disinfected, by washing the mouth with a solution of chlorinated lime. Carbo ligni (charcoal) is another disinfectant for the mouth.

Mumps are very quickly cured by the application of acetate of ammonia, hot, on a piece of flannel.

To destroy corns without cutting.—Use glacial acid.

MANURING ORCHARDS.

It is customary to place manure near the body of fruit trees and there only.—This method is wrong, as a little reflection on the subject will convince any one. The Working Farmer has a report of a recent discussion before the American Institute Farmers' Club, in which this point was canvassed. The remarks of W. S. Carpenter were to the point. He contended that the orchard fertilizers should cover the entire area penetrated by the roots of the tree, which would correspond very nearly with the space covered by its branches. In other words, that the roots projected laterally, from the main trunks, as far as did the branches, hence the necessity of supplying aliment over the entire space covered by the latter. That these roots may be readily benefitted by manure the soil should be gently stirred above them and the fertilizer mixed with it.

HAIR WASH FOR DANDRUFF.

A correspondent writing to us requests a receipt for "preparing bear's grease," to prevent his hair falling out, and to free his head from dandruff. We are not acquainted with any preparation of bear's grease, which is capable of effecting such important results. If there is any virtue in bear's grease to accomplish such objects we think the genuine article must be superior to any chemical preparation of it, and the only way to obtain it pure to a certainty, is to nab "Bruin," and make sure of his pork.

We give, as follows, however, a very good recipe for making a hair wash which will remove dandruff and keep the scalp clean and soft so as to prevent the hair in ordinary circumstances, from falling out: Take one pint of alcohol and a table-spoonful of castor oil, mix them together in a bottle by shaking them well for a few minutes, then scent it with drops of oil of lavender. Alcohol dissolves castor oil, like gum camphor, leaving the liquid or wash quite clear. It does not seem to dissolve any other unctuous oil so perfectly, hence no other is equally good for this purpose.—*Scientific American.*

WONDERFUL PHENOMENON.

A Man who can Keep Awake as Long as he Pleases, and then Sleep as Long as he Pleases—He Keeps Awake for over One Month, and then Sleeps Three Weeks.

STARKVILLE, April 4, 1866.

Editor of Wilkes' Spirit of the Times:

SIR:—The following very strange and anomalous circumstance has just transpired in our community. Mr. Gabriel Ellis, a flourishing dry goods merchant, had frequently remarked that he could sit up three weeks without any material detriment to his health; and that after the expiration of that time he could go to sleep, and sleep without waking until the loss was made up. He was led to believe this fact from experiments on a smaller scale. In the early part of February he sold out his store and invested the capital thus raised in a farm, which gave him leisure; and in compliance with the wishes of several scientific gentlemen, he began, on the 11th day of February, to abstain from sleep. Gentlemen sat up by turns, to satisfy themselves of his strange faculty; and to preclude all possibility of being accused of momentary snatches of sleep he would read all night long, and keep his feet during the day—watched all the while at his own request. He would comment in a clear, forcible, and intellectual manner upon what he read—deploring the heartlessness of "Iago," laughing at the inimitable drollery and humor of the "Army Straggler," etc. On the 16th day of March, at the urgent solicitation of friends, he went to sleep for the first time, and did not wake until the ninth day of the present month. He expressed the opinion that he could stay awake a year, and then sleep in proportion, without injuring his constitution. He never gets sleepy until he closes his eyes and resigns himself to slumber, at which time he gets asleep almost instantly, without regard to the noise or excitement around him. There are many curious facts connected with his case which might interest the readers of your valuable paper; but as Drs. Edmund, Willis, and Jordon, are preparing for the press an elaborate statement of their experiments and discoveries, I desist.

Yours, very truly,

RICHARD L. DANTE.

VERY BAD.

We never heard Fred Douglas speak but once. He is a pretty sharp darkey, well-formed, rather graceful, and entirely ready. On the occasion to which we allude, he spoke in Independence Square, in Philadelphia. His harangue was violent, made up chiefly of descriptions of the outrages practiced upon the slave by his master, and wrought a very decided effect upon the crowd. Perceiving this, Fred took his advantage at the flood, going higher and higher into the region of eloquence: "Ah, my friends," he said, "I do not speak from hearsay. I stand before you a living—I was going to say a bleeding—witness to the truth of all I relate. If you could behold the scars and stripes upon my back." Just here an Irishman vociferated, "Hould on, Freddy, darling—is it truth you are telling?" The darkey orator lifted his finger tragically to Heaven in the affirmative. "Oh, murder! did they lacerate you?" Fred answered that they did. "Did they *thumb screw* you?" Fred answered that they did. "Did they *buck* you like a shoat?" Fred answered that they did. "*Begorrah!*" roared Pat, "*if that be so, you must have been a d—d bad nigger!*" It closed the meeting in a general row.—*Nashville Banner.*

☞ It is all very well to laugh at book-students of nature, but they carry that about with them which gives an interest to every flower, cloud, and stone they see. They see the object, and then, by the magic of association, the true beauty, fitness, histoy, which surround and accompany it, reveal themselves. John W. Geary and the Soldiers of the Mexican War.

READ! READ! READ!

[From the Genius of Liberty.]

John W. Geary, the candidate of the Radical Abolitionists for Governor of Pennsylvania, was elected Lieutenant Colonel of the Second Pennsylvania Regiment of volunteers in the war with Mexico, upon the organization of that Regiment in the city of Pittsburg.—William B. Roberts, of this county, was the Colonel commanding, and died in the city of Mexico. After his death Geary was promoted to the Colonelcy. The Fayette County Volunteers were attached to this Regiment, and known as company H. They distinguished themselves for gallant conduct and intrepid bravery in all the important engagements from Vera Cruz to the city of Mexico, including the bloody assaults upon the gates of that city. They continued in service until the war ended, and were honorably discharged. The survivors, upon their return home, were received with well earned and highly distinguished honors by their fellow citizens. Here at the County Seat, they were honored by a splendid reception, participated in by the citizens of the county generally, as well as by the ladies, who greeted their return with all that delicate attention and refined taste peculiar to their sex.

At Connellsville, also, they were the recipients of a handsome ovation, the heartfelt tribute of the citizens and ladies of that place and vicinity. The reception at Connellsville took place on Saturday, July 15, 1848. The reception speech was made by Dr. James C. Cummings, and the response by Sergeant Peter A. Johns. After the delivery of speeches, and partaking an elegant dinner prepared for the occasion, the returned soldiers met together and unanimously adopted a preamble and series of resolutions, which show up the character of John W. Geary in such a light as would render his election as Governor an everlasting disgrace to the State of Pennsylvania. These resolutions it will be seen, were unanimously adopted by true and tried soldiers, by men who knew Geary well and by men who did not hesitate to proclaim their estimate of his character, and that, too, not in tender, dainty sentences, but in well expressed and forcible language. The testimony of these proceedings gains additional force from the fact that it was uttered at such a time and under circumstances as to exempt it entirely from any imputation of political influences. The proceedings were published in the papers of this county, by request of the soldiers, on the 27th of July, 1848, and here they are. Again we say, read, read, read.

The following preamble and resolutions were offered by the returned volunteers, of company H, 2d Pennsylvania regiment and unanimously adopted by the meeting:

WHEREAS, The discharge and arrival home of the remaining members of the Fayette volunteers has again placed them in the position of citizens of the Commonwealth of Pennsylvania, and enabled them to speak and assert their rights, they now embrace this occasion, the first opportunity since their return, to express their deep and ABIDING INDIGNATION of the conduct of JOHN W. GEARY, since he was elected to the command of the 2d Pennsylvania Regiment, at the City of Mexico. The said JOHN W. GEARY procured his election by a mere plurality of votes, by FALSEHOOD and DECEPTION—while he was promising to give company H the privilege of electing their own officers, according to the laws of the State of Pennsylvania, he, the said GEARY, bargained with others for votes, promising and giving appointments in said company H to men from other companies who might answer his peculiar purpose. The law of Congress of the 13th of May, 1846, calling for Volunteers for the war with Mexico, has this provision:

"SEC. 5. And be it further enacted, that the said Volunteers so offering their services shall be accepted by the President, in companies, battalions, squadrons and regiments, whose officers shall be appointed in the manner prescribed by law in the several States and territories to which such companies, battalions, squadrons and regiments shall respectively belong."

The said GEARY, while he availed himself of this law to get himself into a high office, refused the same right to company H, which legally and properly belonged to them; therefore,

Resolved, That we, the remaining members of the Fayette County Volunteers, view the conduct of the said JOHN W. GEARY towards company H as an OUTRAGE upon their just rights, as secured to them by the laws of Pennsylvania as well as the laws of Congress. The whole course and conduct of the said GEARY being INCONSISTENT WITH THE CHARACTER OF A GENTLEMAN OR MAN OF HONOR—it was treating us as a set of men who did not know their rights, and could not appreciate them—it was CORRUPT and MERCENARY in all its bearings, characteristic of a LOW AND GROVELING CREATURE hunting and seeking popularity for courage and patriotism THAT HE NEVER EARNED, by bargaining with supple tools and mercenaries, one of whom at least was a notorious black leg.

Resolved, That the arrest and trial of 1st Sergeant John A. Cummings, by a court martial, for daring to assert his rights and those of the company, was A BASE AND COWARDLY EXERCISE OF USURPED AUTHORITY ON THE PART OF THE SAID JOHN W. GEARY—after he, the said GEARY, had SURREPTITIOUSLY and VILLAINOUSLY SUPPRESSED the order of the adjutant general of this State (issued by direction of Governor Shunk,) directing him to fill all vacancies in the 2d regiment of Pennsylvania Volunteers by election—taking advantage of his STOLEN authority to cover up his WORSE than BASE MOTIVES, and to injure the hard earned fame of a brave and gallant officer.

On motion of Peter A. Johns, it was

Resolved, That all the harm we wish Col. GEARY is, THAT HIS DISGRACE MAY FOLLOW HIM THROUGH ALL THE LANES AND AVENUES OF LIFE, AND THAT HE MAY NEVER DIE OR GET OLD.

THE GENERALS OF THE WAR.

In his letter to the recent Johnson meeting in Brooklyn, Major Gen. Dix said:

"I am of opinion that it is both politic and just to bring back into the Union as speedily as possible, the great body of the Southern people who were forced or decoyed into a treasonable resistance to the authority of the Government."

In his letter to the St. Louis meeting, held to rejoice over the proclamation of peace, Major General Frank P. Blair said:

"Those who have suffered nothing and done nothing, but who, on the contrary, have made the war an occasion for profit and a means for personal advancement—staying at home and making loud professions of loyalty—these are the greatest and only obstacles to the perfect restoration and maintenance of peace."

The Compiler.

GETTYSBURG, PA.:
Monday Morning, May 28, 1866.

FOR GOVERNOR,

HON. HIESTER CLYMER,

OF BERKS COUNTY.

GEARY—KROUNTZ.

The soldier resolutions on John W. Geary, printed on our first page, are calculated to remind the Gettysburg reader of a somewhat memorable local circumstance.

This Geary is the same inflated individual who played Marshal here on the 4th of July last, and used his position to shield from merited indignation a dastardly maligner of our citizens—Krountz by name. For the part Geary took in that matter, he should not soon be forgotten—because never were a people more wantonly traduced by a reckless newspaper scribbler, and never was interference more unwarranted than Geary's.—Whether that interference had a *price*, we leave those who are acquainted with Geary's *fondness for newspaper puffery* to judge.

Krountz was correspondent of a New York journal at the time of the battle here, and, probably because he was not dined and wined by a people who were reduced to the most scanty supplies for themselves, presumed his consequence unappreciated, and endeavored to appease his wounded vanity by writing most foul and damaging misrepresentations of the character of this town and vicinity. We have no disposition now to re-parade them. Let it suffice that of the many falsehoods under which this upright and hospitable community suffered, none were more injurious than Krountz's.

Our people naturally smarted under these grossly unjust imputations, and when he came here a second time, (on the 4th of last July,) they felt that he had forfeited all claim to entertainment, and that he should be given so to understand in a very plain way. But, luckily for Krountz, Geary was on the spot—just the man, of all others, to assume any power which the lying correspondent's immunity might demand. The upshot of the whole business was, that, *by Geary's interference*, Krountz was given "the better of it," and our outraged people were snubbed for trying to assert a little manhood. Krountz's license to vilify them was extended, and they were compelled to swallow his second infliction, bitter as the first one was.

It *does* seem to us that the most ordinary conception of self-respect and local pride should prevent *every* man in this community from giving Geary the benefit of an endorsement such as the potent ballot carries with it. Had they not enough of him on the 4th of July?

MEETING AT WESTMINSTER.

A meeting of fully three thousand conservative people was held at Westminster, Md., on Saturday week. It was a very successful demonstration, and would have been larger but for the fear of Radical violence which many entertained. There were big delegations (with big teams) from the several districts of Carroll county, and a very handsome one from Littlestown and vicinity, in this county. The latter was accompanied by the Littlestown Brass Band, seated in the magnificent Democratic Band Chariot from this place—which, by the way, attracted all eyes. Senator Hendricks, of Indiana, Gen. Rosseau, of Kentucky, Hon. Montgomery Blair, and others, made speeches, heartily endorsing Andrew Johnson.

The Radical roughs had made the threat that the meeting should be broken up, but it amounted to just nothing—the large crowd in attendance causing their "courage to ooze out at their fingers' ends" very suddenly. Whilst the meeting was in progress, in Longwell's grove, some twenty of them made an attack, in town, upon a single Littlestown man, because he cheered for Johnson. The fact, however, becoming known to the Littlestown boys, they started for town to settle the roughs, but when they got there all had fled but one, and he "surrendered." This was the upshot of the terrific threats of violence so loudly made by these cowardly mobocrats. It is to be hoped that the day for the rule of such creatures is over forever, in Maryland, as well as everywhere else.

WHAT THE DISUNIONISTS MEAN.

Wendell Phillips is one of the leaders of the Radical or Stevens party. He understands its aims, and, having some frankness, avows them. At a recent meeting in Boston, he declared that

Negro suffrage *meant a score of negro Congressmen sitting in the House of Representatives.* It meant colored merchants in New Orleans, and colored Senators in Columbia. It meant negro Representatives sharing in making railroad laws and other laws. *It meant social equality*, and that was where the Southerner met the question. Social equality follows hard on the heel of the ballot box, and the South knows it, and she resists negro suffrage for what must follow it.

White Republicans of Adams county, can you swallow this creed? It is not only the doctrine of Phillips, but also of Thad. Stevens, and of Geary, who endorses him.

☞Our neighbor of the *Sentinel* gives the COMPILER's new dress quite a complimentary notice, for which we thank him. But that he should couple with it the expression of a hope for a change in our politics is a little strange. *We* "support the President," just what he so persistently stickled for during the whole of Lincoln's Administration, and what *he* should be especially earnest for *now*. Or is he deaf to the warnings of decapitation, which President Johnson is thundering in his ears day after day?

Fair Play.—After the Disunion press get through with their abuse of Mr. Clymer for refusing a hearing to Andrew Johnson in 1863, will they be kind enough to allow President Johnson a hearing in 1866, by the publication of his speeches? Admitting that Mr. Clymer did vote against allowing Mr. Johnson to speak to the State Legislature three years ago, who are gagging and throttling him so fiercely now?

Governor Swann.—The same party that, only yesterday, sang this loyal Governor's praises, now howl denunciations against him, simply because he "supports the President."

INCONSISTENT PROPHETS.

One cannot avoid, in reading and listening to the maledictions now showered upon the head of President Johnson, by the Abolition preachers and politicians, recalling the course and language of these same people at the time of Mr. Lincoln's death and the former's inauguration. Whilst the people of the whole land were shocked by the dreadful taking off of the late President, and mourning was the order of the day everywhere, from a large portion of Northern pulpits was heard the exclamation, in substance, if not in words: "Abraham Lincoln was too gentle, too good; God saw him to be an unfit instrument to execute his vengeance upon the Southern people for their crimes, and He has removed him to make way for Andrew Johnson, who will better carry out His purposes." "Like the sending of Joseph into Egypt," said Daniel S. Dickinson, "the murderers of Abraham Lincoln meant it for evil, but God means it for good." "I thank my God!" exclaimed the meek and lowly Butler, "that in taking that life the rebels have left the iron hand of the people to fall on them!" "God," protested the expert Chittenden, of New York, "intended that Abraham Lincoln should be removed, in order that the proper punishment should be imposed upon the authors of this rebellion." "He has gone from us," shouted the suave and conciliatory Cheever, "in order that a miserable and mistaken leniency should not enter into the policy of our Government towards the rebel chiefs." And, summing up the glad tidings of great joy in her unhesitating female way, Anna E. Dickinson exultingly declared at the Cooper Institute, New York, "Abraham Lincoln's special mission being accomplished in the triumph of the national arms, Providence saw that his kind heart would not permit him to hang quite so many traitors as would secure our country against future rebellions, and so disposed of him through the instrument of the rebellion itself, for his own historical immortality, and to make place for a sterner and less merciful successor."

We had much of the same kind of consolation expressed nearer home. Here, even in this very pious and loyal town of Gettysburg, preachers, and laymen, and lay-women, found great comfort in President Lincoln's death from the policy (of course, different) which they expected his successor to pursue.

We allude to the course of these people at that time for the sake of calling attention to the contrast between the ribald abuse of Mr. Johnson at their hands now and their statements then. If it be true, as they then prophesied, that Mr. Lincoln was reinoved at the hands of the Almighty that Andrew Johnson might be given an opportunity to carry out His will, is it not wicked—nay, is it not sacrilegious, in them to endeavor to thwart the acts of His minister? Either they were false prophets at that day or they are at this. If Mr. Lincoln was killed by God's command, that Mr. Johnson might better execute the purposes of Heaven, what sacrilege to denounce his policy! How wrong to call him "traitor," and threaten, as Cheever recently did, to "sweep him from power." The saintly people who make the platforms and carve out the course of the Radical party have got themselves into a sad plight. To acknowledge that they were mistaken last year, is to prove the falsity of their claim to be spokesmen of Providence, and to impair their standing with the people. Let them take either horn of the dilemma, and they will find it rather difficult to explain their position.

WHAT IS FEARED.

The enemies of the President have boasted that they cared nothing for him, or for the attempted exercise of any power he might assume to possess. But they have evidently "waked up the wrong man," and now begin to see the consequences resulting from their course.—The Washington correspondent of the Radical New York *Independent* gives utterance to the following:

The President is preparing for the fall election—their is no longer a doubt on the subject. To a Pennsylvania member, who remonstrated with him upon removing a tried Republican from office, he replied, "I am for rotation, and this is but the beginning of what I mean to do."

But he rotates Radicals out and Conservatives in. The wheel is set in motion for the purpose of breaking down the Republicans in the 40th Congress. There is no longer any attempt at concealment among the President's friends on this point; indeed, they threaten Congress, if it does not recede, that the Opposition will be permitted to gain control of the next Congress.

The issue is already made up. The President demands the instant admission of the rebel States to representation, and Congress asks further guarantics. The decision rests with the people. It may as well be understood at the outset that in every weak district the President will use his patronage against the Republicans.

HOW THE DISUNIONISTS CARRIED WILLIAMSPORT.

A few days ago the Disunion organs heralded a victory (the only one in the State) at the local election in Williamsport, Lycoming county. Wood's majority for mayor was announced as 129—a gain of 200. It is true that the Democrats formerly carried the city, but the new charter went into operation last year—adding one whole ward to the city, which, being largely Republican, enabled the opposition to poll 204 majority for Hartranft last fall. Wood's majority, this spring, is only 104, (not 129,) which shows that the Disunionists, instead of securing a victory, *have lost one hundred of the majority* which the new charter had secured to them! Thus the only spring victory for the Disunionists turns out to be, in reality, a defeat. The new charter was made to deprive the Democracy of the city government, but another year will likely uptrip that arrangement.—*Patriot & Union.*

THE TWO PICTURES.

It may interest many persons to view again the lineaments of their favorite military chieftains within a political frame:

The military trappings—straps, buttons, stars, eagles, &c.,—are equal, it will be perceived, but there is a vast difference in the color of the exploits.

EDITORIAL BREVITIES.

—A straight-out Johnson paper has been started at Pittsburg. It is a large and handsome sheet, and will exert much influence in Western Pennsylvania.

—The Johnson Republicans of Philadelphia have taken the field against Radicalism in earnest. They held a large and enthusiastic meeting in the Academy of Music on Saturday evening week, which was addressed by Senators Cowan, Doolittle, and others.

—There is a financial panic in England. One firm suspended, with liabilities amounting to about fifty millions of dollars, another twenty millions, and others of less note.

—Some of the Radical papers grumble because President Johnson is turning out his enemies and putting his friends into office. Two years ago these very journals yelled for the crucifixion of every man who differed with President Lincoln, let alone keeping such in office.

—Geary is still *mum* on negro suffrage. Clymer is squarely and openly against it. Not being a demagogue, he has no concealments.

—The President and Cabinet were serenaded on Monday evening. The President made a brief speech, declaring his determination to persevere in the work begun. He was followed by Secretaries Welles, Stanton, McCulloch, and Postmaster General Dennison, all endorsing the President's policy.

—Gen. Ferry has been elected U. S. Senator from Connecticut.

—Santa Anna has rented a house in New York for a year. His plans are a secret.

—A most destructive fire occurred in New York on Monday night, consuming the Academy of Music, the Medical University, a Lutheran Church, and several other buildings. The loss is estimated at $4,000,000.

—The soldiers of York county have formed a Clymer Club. Colonel Maish is President, and already over two hundred and fifty "boys in blue" have joined. Can't fool them with a humbug like Geary.

—A large Johnson meeting was held in Frederick on Tuesday evening. Day is dawning for down-trodden Maryland.

—The Government clerks at Washington City have formed a large Johnson Club.

—Gen. Stoneman's report of the Memphis riot bears very strongly upon the black "soldiery" who commenced it, while the other negroes are blamed for participating. He thinks that if the latter had kept out the riot would have been suppressed before it became so extensive.

—At a late election in Fulton, Illinois, the Democratic ticket was elected by 25 majority, a gain of 150 since last fall.

—The latest arrival from Europe indicates the probabilities of a war between Austria and Prussia.

—The Disunion organs of Pennsylvania, judging from the frantic manner in which they are crying out for "organization" and "Geary Clubs," must be getting scared. Are they afraid that *the people* are getting a sight of "the nigger in the woodpile?"

—In consequence of the feeble health of Mr. Davis, instructions have been issued from Washington directing General Miles to allow him on his parole the freedom of the fort, returning to his room at Carroll Hall at night. Messrs. Shea and O'Connor, the counsel of Mr. Davis, are permitted to have access to him at all times.

—It is reported that the Chicago *Republican* is about to change its colors. It has been bitterly radical under Dana's management, but it is now understood that Dana is to retire.

—Senator Wright of New Jersey, whose death was announced, is reported to be better.

THE BUREAU AGAIN.

The Government's Commissioners, Generals Steadman and Fullerton, appointed to investigate the working of the Freedmen's Bureau in the South, recently made a report to the Secretary of War, as to the condition of affairs in Virginia and N. Carolina. They state that a large number of the freed negroes who are now dependent upon the government for support would be able to earn a living, but as long as relief is extended to them by the government, they will not change their location to procure employment. The idle and worthless alone look for support. The mass of the negroes have an idea that the bureau possesses some mysterious power to serve them, and that in case they are unable to obtain a livelihood as they desire, they can fall back upon it for support. These ideas induce them to care nothing for their support. They also view the bureau as a protection against the whites, which induces them to think that they are their enemies. In North Carolina in particular, these Yankee bureau agents are engaged, with other parties from the North, in working farms, running saw mills, and other occupations on their own private account, at the same time employing negroes and paying them with government rations and clothing, and even supplies sent by benevolent societies for the aid of the freedmen, thus making immense fortunes. In many cases they sell these government supplies to the negroes and pocket the money. The cruelties they practice towards them, these Commissioners say, exceed, in atrocity, anything that has been charged as having been committed against them by their former masters. The Commissioners recommend that these agents be dispensed with.

☞One of our acquaintances was accustomed to tell a story of a tough old rooster, which his step-mother once concluded to kill and cook for dinner. The old cock was decapitated and boiled, but upon serving him it was found that no knife would cut his stubborn flesh. He was again put into the pot and boiled for another day—still it was impossible to masticate him. The cook then concluded to roast him, which was accordingly done, but the venerable fowl was proof against all attempts to eat him. As a last resort, a chicken pot pie was made, in which the old and irrepressible "Shanghai" was put, and after a thorough baking in the oven, he was brought forth and placed on the table, but after the guests were seated the old rooster stuck his head up through the crust and crowed! Outraged at this the old lady threw him over the back fence to the pigs. The story applies very well as an illustration of the policy of the party which sustains General Geary for Governor. The disunionists within the five or six years they have held power have been engaged in making a political dish that would be acceptable to the people. They have stewed it, and boiled it, and cooked it—but with all their efforts the woolly head of the nigger always persists in coming to the top. The American public, for whom the dish is intended, are becoming disgusted, and before long will pitch cooks, kettle and all out of their sight.—*Erie Observer.*

☞The Franklin *Repository* says, Gen. Knipe has been elected a delegate to the "*Geary* Soldiers' Convention," which is to meet at Pittsburg. So this Convention, to which the Soldiers irrespective of party, are requested to send delegates, is to be a *Geary* concern! Well, if that kind of game is to be played upon the soldiers, the *Repository* will hear in due time from Gen. Knipe and the soldiers who "vote as they shot"—for the Union, not for the negro. Have a care, Disunionists!—*Bedford Gazette.*

☞The Democrats of Somerset county nominated their ticket on Monday last: Congress, Hon. A. H. Coffroth; Senator, J. O. Kimmel; and Assembly, Hiram Findley.

TOWN AND COUNTY AFFAIRS.

MONUMENT MEETING.—In pursuance of a published call, a respectable number of the soldiers and citizens of Adams county met in the Court-house, on Saturday last, at 10 o'clock, A. M., to inaugurate a movement for the erection of a Monument to the deceased soldiers of the county in the Public Square of this place. Col. C. H. Buehler was called to the Chair, and Adj. J. H. White appointed Secretary. A committee to report a plan of operations was appointed, and a resolution entrusting the direction of the whole affair to the hands of the surviving soldiers, adopted.

The meeting re-convened at 1½ P. M., when the committee reported, and their report was adopted. It embraces the appointment of an Executive Committee of thirteen, with a sub-committee of two in each borough and township to solicit subscriptions. An effort is to be made to raise $10,000, in order that a creditable memorial may be erected. Full proceedings in our next.

The movement takes a fair start, and with proper vigor, will prove an entire success. This energy we believe will be displayed by those having the management in hand.

IMPROVEMENTS.—Though our town is not growing as rapidly as might be wished, we are still glad to note considerable "brushing up."

Mr. Geo. A. Codori, in West Middle street, is vastly improving his residence—putting in a new front, and adding an attic on the whole. He is making it a very handsome property.

Rev. Dr. Krauth's residence, corner of Baltimore and High streets, is being thoroughly repaired, inside and out. The Dr. is making it one of the most comfortable homes in the town, and we trust he may live many years to enjoy it.

Dr. O'Neal, adjoining us, has just completed extensive repairs on his dwelling, rendering it in all respects pleasant and desirable.

Major Jacob Sanders, whom we gladly welcome to a residence among us, has had his house, on York street, greatly improved, making it snug and comfortable.

Mr. Matthew Eichelberger has also improved his residence, on Chambersburg street, and added a very tasteful portico—one which we trust not a few will pattern after.

Hon. Joel B. Danner is having a house in East Middle street raised and renewed—a decided help in appearance, as well as room.

Mr. Solomon Welty, over the hill, is enlarging his residence, doubling its size, and giving it an attractive appearance.

Mr. Christian Sellers is about erecting a two-story dwelling, on Breckinridge street, which will no doubt be a creditable affair.

Mr. Lawyer is erecting a two-story building for a daguerrean saloon, on Baltimore street, near the Diamond. We suppose he means to make it ornamental as well as useful.

Dr. Fahnestock has completed the repairs on the building adjoining his residence, and has come up to public expectation. It is a marked improvement.

Mr. Michael Spangler, corner of the Diamond, is very thoroughly repairing his buildings, giving the whole premises an air of newness.

The old building opposite the Court-house has been removed—quite an improvement, as far as it goes. What shall we have in its stead, and when?

It affords us pleasure to notice these evidences of returning enterprise, and hope the good work has only begun. "Who's the next customer?"

THE ANNUAL DUNKARD MEETING, near Waynesboro', last week, was an immense gathering, the largest of the kind ever before held. It is estimated that fifteen thousand people were present.—The hospitality of this denomination has passed into a proverb, and of course none were turned away hungry on this great occasion. The leading preachers in the church, from all parts of the United States, were present. The Western States were largely represented; whilst Pennsylvania and Maryland sent their thousands. Hundreds from this county attended, all of whom speak highly of the meeting—the good preaching, the good order, and the substantial hospitality extended to everybody.

OIL IN BEDFORD COUNTY.—We learn from the Bedford *Gazette* that the Bedford County Oil Company struck oil in their well at the foot of what is called Dry Ridge, in that county, on Thursday week, at a depth of 376 feet. It is stated that the sand pump brought up quite a quantity of genuine petroleum.

Why may not Adams afford oil too?—It is a much handsomer county—has more pious people, prettier girls, larger babies, and a bigger battle-field than Bedford "dare scare up." It would be very strange if we couldn't have as good luck in reaching "ile," or anything else—even bigger Democratic majorities.

LEG BROKEN.—We regret to learn that, on Saturday week, whilst Samuel Wolf, Esq., (of New Oxford,) one of the County Commissioners, was out riding in a sulky, his horse commenced kicking, and striking Mr. W. below the knee, fractured the leg in a shocking manner—some of the bones protruding through the boot. Medical aid was at once summoned, and he is doing as well as could be expected under the circumstances.

LARGE EAGLE.—Henry Hamme has at his hotel in Hanover, a very large Bald Eagle, measuring nine feet from tip to tip of the wings. It was shot in the neighborhood of East Berlin, in this county, but by whom we are not informed. It was injured in one of the wings just enough to prevent it from flying.

CLASSIS.—Zion's classis of the German Reformed Church, met recently at Mechanicsburg, Cumberland county. Rev. W. R. H. Dietrich, of this place, was elected Permanent Clerk. Mr. Dietrich was also chosen one of the delegates to the General Synod, to meet in Dayton, Ohio, in November next. The classis will hold its meeting next year in Gettysburg.

☞Rev. J. R. Warner will deliver his Lecture on the Battle of Gettysburg, in the Hunterstown Presbyterian Church, to-morrow, at 2 o'clock, P. M.

☞Mr. Samuel Herbst has sold 10 acres and 24 perches of woodland, in Cumberland township, to Adam Bollinger, for $505 cash.

SAD AND FATAL ACCIDENT.—On the afternoon of the 26th ult., while Mr. Samuel Delap, residing near Heidlersburg in this county, was engaged, with his two sons, in felling timber in the woods, the younger of them lost his life under the following melancholy circumstances:—Mr. D. had set his elder son to cutting down a tall sapling, while himself and younger son, a lad in his fourteenth year, were employed with axes at a little distance, but in a direction entirely different from that in which they expected the tree to fall. There was, however, at the time, a strong wind from the North-east, which bore it at about right angles to its intended course, and, barely missing the father, it struck the boy upon the side of the face and back of the neck. He was taken up insensible and continued so until he expired about the middle of the ensuing night. Surgical aid had been in due time called in, but proved utterly unavailing.—*Star.*

SHOCKING ACCIDENT.—On Friday evening week, Mr. George Chritzman, of Harrisburg, was instantly killed at Bridgeport, opposite Harrisburg. Mr. C. was baggage-master on the York accommodation passenger train of the Northern Central railroad, and was in the act of coupling cars, when, for some cause, the train was put in motion, throwing the unfortunate young man on the track. A portion of his head was cut off, several cars passing over the same. Mr. Chritzman was formerly of Gettysburg, and only son of Capt. Henry Chritzman.—His remains were brought here for interment. We sympathize with the distressed family.—*Sentinel.*

THE FARMER'S CHOICE.—As the season is approaching in which farmers will be looking for the best machines with which to harvest their crops, we would direct their attention to those advertised in another column by Mr. Wm. Wible. He is the Agent for three different machines,—the Ball's Ohio, the Ohio Buckeye and Russell's Screw Power. The Ohio Buckeye is a new thing in this county, but through the West it has been extensively used, and has given entire satisfaction, being preferred above all other machines. The other two machines have been in use in this county for several years and their advantages are so well known that we need not recommend them. Any of our farmers who need a machine, should call on Mr. Wible, as they will have the opportunity of selecting from three of the best machines manufactured in this or any other country. He has extras on hand and is prepared to repair machines when needed. Call soon, as the demand is great, and he may not be able to fill orders promptly if the notice is short. Mr. Wible is a reliable Agent, and purchasers can fully depend upon him coming up to all he promises, in regard to these machines. 1t

RAILROAD SURVEY TO YORK.—We learn that the people in and about East Berlin, are beginning to talk with considerable earnestness of the extension of the Gettysburg Rail Road from New Oxford via East Berlin to York. They had a second survey made, by J. S. Gitt, from Berlin to York, and he has greatly improved the last line over the former survey. From Mr. Gitt's second examination, the road has been shortened a quarter of a mile, and will cost much less than the first route surveyed. A practicable route has been obtained and is only half a mile longer than the Abbottstown route, though it is expected will cost something more.—*Hanover Citizen.*

THE HORSE RACE.—The long talked of horse race (from Hanover to Baltimore and back,) which was to have come off on Monday last, ended in Mr. Diller's forfeiting $250 and concluding not to run. This was rather a disappointment to many persons, as quite an interest appeared to be manifested in the matter. The race was between Mr. Garber and Mr. Diller for a purse of five hundred dollars.—*Hanover Citizen.*

NEW DIRECTOR.—The Directors of the Poor, on Tuesday last, appointed Mr. John Nunnemaker, of Liberty township, Director in place of Mr. Krise, deceased. He will serve until fall. Mr. N. is admirably qualified, and will make an efficient Director.

THE TOWN CLOCK.—Cannot the Town Clock be started? Will not somebody move in the matter? We suppose it to be the duty of the borough authorities, but if they will not, the citizens should take it in hand. The neglect is becoming positively disgraceful.

BASE BALL.—A game of Base Ball came off between the town and College Clubs, on Friday afternoon. The College boys carried off the honors, by "a close shave"—they having thirteen runs to twelve for the town Club. There were three innings.

☞On Friday week, (18th inst.) one of the most useful business men of York, Mr. Henry Small, lumber dealer, dropped dead at the supper table, at his home, in that borough.

DEATH OF A GOOD MAN.—Rev. Mr. Eagle, of the Catholic Church, died, of Consumption, at York, on Tuesday last. His age was 38 years. He was highly esteemed by the church and the community generally.

VOTES THE WAY HE SHOT.

The writer of the followiug pithy letter, who is vouched for as a Republican soldier by the Waynesburg (Greene co.) *Messenger*, is evidently a man of sense:

For the Messenger.

Col. Jennings: Will you grant a Republican soldier room in your paper for a very short article? I merely wish to notice an admonition in the last Greene Co. *Republican*, and to assure the editor that his advice is good, and I believe will be very generally followed by the soldiers of the county. The editor says:

"To those who have borne the brunt, vote the way you shot."

Now, Mr. Editor, we *shot for the Union and not for the negro*, and we intend to *vote for the Union and not for the negro.* This is all I have to say at present.

A REPUBLICAN SOLDIER.

☞Gen. Banks, Representative in the Rump from Massachusetts, declared, the other day, that it is the intention of the Republican party to impose negro suffrage upon the whole country. He said the only reason the matter is deferred is because the people are not sufficiently Republicanized yet.

Radical Defeat.—Colonel Wm. Louis Schley, the regular radical nominee in the 13th ward of Baltimore city, to fill a vacancy in the First Branch of the City Council, was defeated on Monday last, by Mr. S. F. Wylie, the independent candidate, by 148 votes.

A Single Box of Brandreth's Pills

Contains more vegetable extractive matter than twenty boxes of any pills in the world besides; fifty-five hundred physicians use them in their practice to the exclusion of other purgatives. The first letter of their value is yet scarcely appreciated. When they are better known, sudden death and continued sickness will be of the past. Let those who know them speak right out in their favor. It is a duty which will save life.

Our race are subject to a redundancy of vitiated bile at this season, and it is as dangerous as it is prevalent; but Brandreth's Pills afford an invaluable and efficient protection. By their occasional use we prevent the collection of those impurities which, when in sufficient quantities, cause so much danger to the body's health. They soon cure Liver Complaint, Dyspepsia, Loss of Appetite, Pain in the Head, Heartburn, Pain in the Breastbone, Sudden Faintness and Costiveness. Sold by all respectable Dealers in Medicines.

Cholera, Diarrhœa, and Dysentery!

A cure is warranted by DR. TOBIAS' celebrated VENETIAN LINIMENT, if used when first taken by persons of temperate habits. This medicine has been known in the United States over 20 years. Thousands have used it, and found it never failed to cure any complaint for which it was recommended; and all those who first tried it, are now never without it. In the Cholera of 1848, Dr. Tobias attended 40 cases and lost 4, being called in too late to do any good.

DIRECTIONS.—Take a teaspoonful in a wineglass of water every half hour for two hours, and rub the abdomen and extremities well with the Liniment. To allay the thirst, take a lump of ice in the mouth, about the size of a marble every ten minutes. It is warranted perfectly innocent to take internally. Sold by all druggists, price 40 and 80 cents. Depot, 56 Courtland St., New York.

Dead Heads,

Or, in other words, heads whose once glorious locks have WITHERED AND WHITENED, can in a few moments be re-clothed with all their YOUTHFUL ATTRACTIONS, by a single application of that wonderful talisman,

CHRISTADORO'S HAIR DYE.

Grizzled whiskers and moustaches, ladies' curls into which the snow of age has prematurely drifted, and red, sandy, or whitey-brown hair, receive, as if by magic, the rarest shades of black or brown from this harmless botanical hair darkener.—Manufactured by J. The Great French Remedy.

DR. JUAN DELAMARRE'S
CELEBRATED SPECIFIC PILLS,
Prepared from a prescription of Dr. Juan Delamarre, Chief Physician of the Hospital du Nord ou Lariboisiere of Paris.

This invaluable medicine is no imposition, but is unfailing in the cure of spermatorrhœa or Seminal Weakness. Every species of Genital or Urinary Irritability, Involuntary or Nightly Seminal Emissions, from whatever cause produced, or however severe, will be speedily relieved and the organs restored to healthy action.

Read the following opinions of eminent French physicians:

"We have used the Specific Pills prepared by Garantier & Dupont, No. 214 Rue Lombard, from the *prescription of Dr. Juan Delamarre*, in our private practice with uniform success, and we believe there is no other medicine so well calculated to cure all persons suffering from Involuntary Emissions or any other Weakness of the Sexual Organs, whether caused by sedentary modes of living, excesses, or abuse.

Dr. Marshall's Catarrh Snuff.

This snuff has thoroughly proved itself to be the best article known for curing the Catarrh, Cold in the Head and Headache. It has been found an excellent remedy in many cases of Sore Eyes.—Deafness has been removed by it, and Hearing has often been greatly improved by its use.

It is fragrant and agreeable, and GIVES IMMEDIATE RELIEF to the dull heavy pains caused by diseases of the head. The sensations after using it are delightful and invigorating. It opens and purges out all obstructions, strengthens the glands, and gives a healthy action to the parts affected.

More than Thirty Years of Sale and use of "Dr. Marshall's Catarrh and Headache Snuff," has proved its great value for all the common diseases of the head, and at this moment stands higher than ever before.

It is recommended by many of the best physicians, and is used with great success and satisfaction everywhere.

Read the Certificates of Wholesale Druggists in 1854: The undersigned, having for many years been acquainted with "Dr. Marshall's Catarrh and Headache Snuff," and sold it in our wholesale trade, cheerfully state, that we believe it to be equal, in every respect, to the recommendations given of it for the cure of Catarrhal Affections, and that it is decidedly the best article we have ever known for all common diseases of the Head.

Ayer's Cathartic Pills

Are the most perfect purgative which we are able to produce or which we think has ever yet been made by anybody. Their effects have abundantly shown to the community how much they excel the ordinary medicines in use. They are safe and pleasant to take, to powerful to cure. Their penetrating properties stimulate the vital activities of the body, remove the obstructions of its organs, purify the blood, and expel disease. They purge out the foul humors which breed and grow distemper, stimulate sluggish or disordered organs into their natural action, and impart a healthy tone with strength to the whole system. Not only do they cure the every-day complaints of everybody, but also formidable and dangerous diseases. While they produce powerful effects, they are at the same time, in diminished doses, the safest and best physic that can be employed for children. Being sugar-coated, they are pleasant to take; and, being purely vegetable, are free from any risk of harm. Cures have been made which surpass belief, were they not substantiated by men of such exalted position and character, as to forbid the suspicion of untruth. Many eminent clergymen and physicians have lent their names to certify to the positive reliability of our remedies, while others have sent us the assurance of their conviction that, our Preparations contribute immensely to the relief of our afflicted, suffering fellow men.

The Agent below named is pleased to furnish gratis our American Almanac, containing directions for the use and certificates of their cures, of the following complaints:—

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from foul stomach, Nausea, Indigestion, Morbid, Inaction of the bowels and Pulpitarising therefrom, Flatulency, Loss of Appetite, all Diseases which require an evacuant medicine. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body, or obstruction of its functions.

Do not be put off by unprincipled dealers with other preparations which they make more profit on. Demand AYER'S and take no others. The sick want the best and there is for them, and they should have it.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., and sold by A. D. Buehler, Gettysburg.

Subject to Diarrhœa.

You could not well be subject to a much more inconvenient complaint, to say nothing of the danger of its running into dysentery or *something still* more fatal. Many think a diarrhœa of little consequence. It is a grave mistake. No amount of latent health and vigor can long withstand a constantly loose discharge from the bowels, and the stomach soon exhibits very plainly its sympathy with the disorder.—Fortunately, though, there is always a remedy at hand, and a very inexpensive one, too, in Radway's Ready Relief. No matter how alarming the diarrhœa—no matter if you have an attack even of cholera morbus, a teaspoonful or so of the Ready Relief, taken every hour in a wineglass of sweetened water until ease is procured, will be sure to place you on the road to a rapid recovery. A bottle of Radway's Ready Relief, costing 50 cents, is worth more than five dollars' worth of prescriptions from the ablest physician, if your object be to get rid of your diarrhœa altogether and not merely to temporarily suspend its operation.—Besides this, you will have Ready Relief enough left to cure you of a bilious colic should such an ailment overtake you; or a nervous headache, or hysterics, cramps, vomiting, pain in the bowels, and so on. Could anything be more useful and at the same time more economical? Radway's Ready Relief is, in short, quite a family medicine-chest in itself, and prepared as it is of such choice materials, imported from distant parts of the globe, it is really surprising, in this age of high prices, how it can be sold for so comparatively small a sum; and then its good effects are so immediate! If you have a diarrhœa for instance, be you sure that Radway's Ready Relief will promptly be its master.

June 6th, 1861.

Dr. Radway & Co., 23 John Street, N. Y.:

Forty men in my Company, (Co. I, Ithaca Volunteers), on the 5th day of June, 1861, were seized with severe attacks of Diarrhœa, Dysentery, and other complaints of the bowels, and were rendered incapacitated for duty. I distributed among them Radway's Ready Relief, and requested each man to take it in accordance with the directions. Its remedial effects were immediate, and the majority of my men reported sick and unable to perform duty in the morning, were present and performed their duty in the afternoon. I consider the addition of Radway's Ready Relief to the medicine stores of our regiment to be of the greatest importance to our troops.

Bitter Wine of Iron.

AN exquisite impregnation of dry Spanish Wine with the activity of CALISAYA BARK, and the most energetic of all the ferruginous salts, CITRATE OF MAGNETIC OXIDE OF IRON. It has a vinous flavor, very grateful to the palate, is without chalybeate taste and will not discolor the teeth.

It excites languid appetite, gives zest to food, improves digestion, increases the strength, steadies the circulation, takes off muscular flabbiness, removes the pallor of debility, gives firmness and precision to the actions of the nervous system, with power to endure fatigue and resist disease.

MAGNETIC CITRATE of IRON is new and peculiar, differing from the ordinary Soluble Citrate, in containing an equivalent of Protoxide of Iron, in place of the Ammonia. It is neutral, tasteless, without astringency, as prompt and energetic as the Chloride, and unlike that, induces no local inflammatory action or headache.

CALISAYA BARK is pre-eminent among vegetable tonics, has no equal as a strengthener or restorative, nor rival as an anti-periodic.

Reduction in Price

OF THE

AMERICAN WATCHES,

MADE AT WALTHAM, MASS,

In consequence of the recent great decline in gold and silver and all the materials used in the manufacture of our goods, and in anticipation of a still further decline, we have reduced our prices to as low a point as they can be placed

WITH GOLD AT PAR,

so that no one need hesitate to buy a watch now from the expectation that it will be cheaper at some future time. The test of ten years and the manufacture and sale of

MORE THAN 200,000 WATCHES,

have given our productions the very highest rank among time-keepers. Commencing with the determination to make only thoroughly excellent watches, our business has steadily increased as the public became acquainted with their value, until for months together, we have been unable to supply the demand. We have repeatedly enlarged our factory buildings until they now cover over three acres of ground and give accommodation to more than eight hundred workmen.

We are fully justified in stating that we now make MORE THAN ONE HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES. The different grades are distinguished by the following trade marks engraved on the plate:

1. "American Watch Co.," Waltham, Mass.
2. "Appleton, Tracy, & Co.," " "
3. "P. S. Bartlett," " "
4. "Wm. Ellery."
5. OUR LADIES' WATCH of first quality is named "Appleton, Tracy & Co." Waltham, Mass.
7. Our next quality of Ladies' Watch is named "P. S. Bartlett," Waltham, Mass. These watches are furnished in a great variety of sizes and styles of cases.

The American Watch Co., of Waltham, Mass., authorize us to state that without distinction of trade marks or price,

ALL THE PRODUCTS OF THEIR FACTORY ARE FULLY WARRANTED

to be the best time-keepers of their class ever made in this or any other country. Buyers should remember that unlike the guarantee of a foreign maker who can never be reached, this warrantee is good at all times against the Company or their agents, and that if after the most thorough trial, any watch should prove defective in any particular, it may always be exchanged for another. As the American Watches made at Waltham, are for sale by dealers generally throughout the country, we do not solicit orders for single watches.

CAUTION.—The public are cautioned to buy only of respectable dealers. All persons selling counterfeits will be prosecuted.

MOWERS & REAPERS.

THE undersigned is still Agent for the sale of MOWING AND REAPING MACHINES—both combined and single Mowers.

These machines can be used as Self-Rakers or Hand Rakers, as farmers may wish. They are made with *two* cutter bars, one for cutting grain with sickle knife—cutting five feet nine inches wide—and extra bar, with two knives, for grass,—cutting four feet six inches wide, having iron or wooden frames as desired.—They have two driving wheels and flexible finger bar.

The company building these machines have secured by lease and purchase, the control of all the desirable and standard patents now in use, among which are the

OHIO AND BUCKEYE PATENTS,

to which we direct special attention. In compactness, lightness of draft, excellence of workmanship and finish, combined with great strength and adaptation to all kinds of work, they will compete with, and we believe, surpass, any other machine now offered to the public.

Farmers would do well to examine these machines before purchasing any other. They will be sold as cheap as any other first-class machine now manufactured, and we warrant them to give entire satisfaction or no sale.

☞Extras always kept on hand. Specimen machines can be seen by calling on the Agent, residing on the Harrisburg road, two miles north-east of Gettysburg.

THE HUBBARD.

THE undersigned are agents for the sale of Hubbard's celebrated Mowers and Reapers, both combined and single Mowers and Self-Rakers. Farmers would do well to examine our specimen machines before purchasing any other. We warrant satisfaction or no sale. The advantages of the Hubbard as a Mower, are its light draft, great strength, simplicity and durability, freedom from all side draft, no weight on the horses' necks, and is easy work for two small horses. The main features and advantages of the Hubbard as a Mower are retained in the Reaper, and can be changed from a Mower to a Reaper by changing three bolts and two shoe pins. The raker, with one easy natural motion, brings the grain towards him and deposits it in a compact sheaf in the rear of the machine, leaving ample room for the machine to pass next time around. The Self-Rake has no equal; it is a reel and a rake combined. The driver by use of a lever regulates the size of the bundle, and it can be worked in all kinds of grain from the shortest oats to the tallest rye; is very simple in construction, and less liable to get out of repair than any other Rake. They are made with two cutter bars, one for cutting grain with sickle knife, cutting five feet nine inches wide, and an extra bar, with two knives, for grass, cutting four feet eight inches wide. Extras always kept on hand. Specimen machines can be seen by calling on the agents, residing near Gulden's Station, Post office address, Granite Hill, Pa.

Various Matters.

A Prophecy Fulfilled.—The great New England statesmen, Daniel Webster, in a speech delivered in the United States Senate, on March 3d, 1850, made the following remarkable prediction, which has been fulfilled to the very letter:

"If the infernal fanatics and Abolitionists ever get power in their hands they will override the Constitution, set the Supreme Court at defiance, change and make laws to suit themselves, lay violent hands on those who differ with them in their opinions, or dare question their infallibility, and finally bankrupt the country and deluge it with blood."

☞The word "Copperhead" has almost dropped out of use now, except with a few malignant *quasi* religionists. With them it formerly meant an opponent of the Government. They use the word with the old virulence now, as meaning a supporter of the Government.

Geary and the Soldiers.—A letter from Liverpool to the editor of the Perry county Democrat says: "We have brave soldiers in this region, some of whom served under Geary, who denounce him and would not touch him with a ten-foot pole, notwithstanding their former Republican proclivities."

A Model Officer.—The Postmaster at Columbus, Ohio, anxious to keep out of party strife, declares that he has been too busy to read either of the Presidential vetoes, and therefore can express no opinion upon them. Discreet officer! He knows that in this case "ignorance is bliss."—*Philadelphia Public Ledger.*

☞In the Jardin des Plants, Paris, in an iron cage have been placed a young lioness, an Algerian wild boar, and a little dog. This last is quite the master, the lioness generally amusing herself with tossing the boar. When, however, the lioness goes too far, the dog interferes and re-establishes order.

Shoeing Horses.—A new method of shoeing horses has been on trial in Paris for a year or more past. By it the hoof is but a little cut away, the shoe is light, the foot rests upon the ground and is allowed to expand naturally, while the horse never slips. It has been tried successfully on the omnibus horses.

☞A young soldier, with respectable connections, named Alexander Webb, shot himself through the heart, on Wednesday, at Baltimore, alleging as a cause that he could get nothing to do, and hated to see his mother in want.

Babies resemble wheat. First, neither are good for much till they arrive at *maturity*; second, both are *bred* in the house, and are also the *flower* of the family; third, both have to be *cradled*; fourth, both have to be *thrashed* before they are done.

TAKE NOTICE.

FARMERS AND DEALERS IN FERTILIZERS will please take notice that we have adopted the following Trade Mark to protect ourselves, and prevent those who use our RAW BONE SUPER PHOSPHATE from being deceived when purchasing manures.

We have been obliged to give this protection to our customers, in consequence of several parties having unlawfully used our distinctive name, viz: "Raw Bone," in offering their article to the public. This Trade Mark is adopted in addition to the title "Raw Bone," which is our exclusive property, and we caution all manufacturers from using it in future. We would state to the trade and consumers, that they will find it to their interest to see that the "Trade Mark" is upon every bag and barrel they purchase, as none other is genuine.

BAUGH & SONS.

B A U G H S '
RAW BONE
Super Phosphate of Lime,
Manufactured by BAUGH & SONS,
No. 20 South Delaware Avenue,
PHILADELPHIA.

The great popularity of our article has been found sufficient inducement to certain imitators to manufacture and advertise "Raw Bone Phosphates," a name which originated with us, and is our own rightful property. We will state for the information of all, that we are the exclusive manufacturers of this article—the original and sole proprietors of it—having been manufactured by us for a period of twelve years. Also that it is covered by several letters patent, held only by ourselves.

We are now ready to supply it in large quantities—having made recent additions and improvements. Vessels drawing 16 feet of water can load directly from the wharves of the works, which are located at the foot of Morris Street, Delaware River. We call the attention of DEALERS to this great advantage.

The present indications are that we shall have a greatly increased demand over last spring and fall seasons, and we advise Farmers to send in their orders to their respective Dealers at an early day, that all may be supplied promptly.

Soliciting your continued orders,
We remain,
Yours very truly,

New Goods! Cheap Goods!

THE PLACE TO GET THEM
IN HANOVER!—
We hereby inform the citizens of York and Adams counties, that we have established, at the southeast corner of Centre Square and Baltimore street, HANOVER, formerly occupied by C. E. & T. T. Wirt, a Branch Store, (the principal business houses being located in New York and York, Pa.,) where we will keep at all times a regular assortment of Dry, Domestic and Fancy GOODS, also, a well selected assortment of CLOTHS, CASSIMERES, CASSINETS, COTTINETS and CORDUROYS; China, Glass and Queens-ware, Ladies', Misses' and Children's SHOES; also, a nice and full assortment of all kinds of CARPET, Floor and Table Oil-cloth.

We have also established in rooms adjoining the Central Hotel, a CLOTHING STORE, where we will keep constantly on hand a well selected assortment of Ready-made Clothing, of the latest styles, and a full assortment of *Gentlemen's Furnishing Goods, such as* Hats, Caps, Boots, Shoes, &c., which we will sell at reduced prices.

As our motto is, and always will be, "quick sales and small profits," we hope to receive a share of the patronage of town and country. Our connection with the large wholesale houses in New York City and York, Pa., where are always stored an extensive stock of goods, which we sell at wholesale and retail, enables us to supply our old friends and such of our new customers as will give us a call, with the very best marketable goods, at lower rates than can be purchased anywhere in the State. Call and see for yourselves.

CHOLERA PREVENTIVE!

1866. L.

THE GREAT ZINGARI BITTERS.

THIS WONDERFUL REMEDY was discovered and introduced about twenty years ago by Dr. S. Cheopsus, an eminent Egyptian physician.

He had long seen and felt the want of some remedy which would strike at the root of disease, and so prevent much of the suffering which the human family was then compelled to endure.

The great question was presented to his mind every day in vivid colors as he moved among the sick and dying, and observed the inefficiency of nearly all the remedies then in use. Thus he was led to think and experiment; and after ten years of study and labor, he presented to his fellow man the wonderful Zingari Bitters. The effect of this preparation in the prevention and cure of disease, was so marvellous and astonishing, that the most flattering marks of royal favor were bestowed upon him who discovered it. His name was placed upon the Roll of Nobles, and a gold medal with the following inscription—Dr. S. Cheopsus, the Public Benefactor—was presented to him by the Viceroy.

The preparation has been used in several epidemics of cholera, both as a preventive and curative measure, and with such great success that it has been introduced into nearly all the general hospitals of the old world.

The old saying that an ounce of prevention is worth a pound of cure, applies with marvellous force to cholera, and therefore any remedy that will protect us against this terrible disease should be freely and persistently used.

All pathologists now agree that the cholera poison acts on the system through the blood, and that any combination which acts on the excretory organs, and keeps them in working order, must prevent a sufficient accumulation of the poison to exert its terrible effects on the organism. This is true not only of cholera, but of nearly all other maladies, especially the different forms of fevers.

The Zingari Bitters is just such a remedy as the above conditions require. It acts on the organs of excretion and secretion, keeping up a perfect balance between them. This Bitters is composed entirely of roots and herbs, so nicely concocted that every organ is acted upon and put in tone. Its taste is pleasant and its effects prompt and lasting.

Numerous cases of the following diseases have been cured by it: Cholera, Diarrhœa, Typhoid and Typhus Fever, Fever, Ague, Nervous Debility, Anæmia, Female Irregularties, Dyspepsia, Flatulency, Colic, Scrofula, &c.

Price, one dollar per quart bottle.

ANOTHER GREAT CURE

IN THE CITY OF NEW YORK.

Of a highly respectable citizen, well known to the Mercantile community, by
DR. J. H. SCHENCK,
THE GREAT LUNG DOCTOR OF PHILADELPHIA.

Office N. Y. and Galena Lead Co.,
No. 28 Nassau St., N. Y., June 1, '65.

Dr. J. H. Schenck—Dear Sir:—For over fifteen years I have been troubled with a severe cough, and usually two or three times a year with more or less hemorrhage, which together, for the last few years, has kept me thin in flesh and too weak to do business of any kind without suffering. In August last I had a very severe hemorrhage, and, according to the judgment of a good New York physician, I was classed as beyond the reach of medicine, and was advised to be prepared, so far as property matters were concerned, to leave this world at short notice. The physician (and my good friends) said that the first cold I took must prove fatal. Early in January I took a severe cold, and fortunately was occupying rooms at No. 32 BOND STREET, directly over your office. I think about the 16th of January I procured a bottle of your Pulmonic Syrup and commenced taking it freely. My feet and limbs were very much swollen, and all the symptoms of a speedy death seemed to accompany my cold. I sent for my former physician, and stated to him that I was taking your medicines, and after showing them to him, and having tasted of them, &c., he replied: "You can take them if you like, they will do you no harm." He said: "You know what I told you last summer, and I say the same now, if you have any business to close up, do not put it off." He said to other friends that he "could see no hope for me," and my friends and relations concluded my time had come. At this time I was taking freely of your medicine, but had not seen you. The doctor called a few times, and found me (much to his surprise, he said,) improving, and he could not understand why. My faith was increasing in your medicines, and I had a wish to have you examine my case, and see what you had to say. When you first came to my room and made the examination, you gave me but little encouragement, but on the contrary, expressed sad doubts of my ever being helped out of my then seeming difficulties. The second time that you called, finding me still gaining, you gave me encouragement, saying, "my symptoms were improving; the Pulmonic Syrup, Sea-weed Tonic and Mandrake Pills had acted like a charm." My circulation, my cough, my appetite, all began to improve, and I could walk about my room a little. You visited me nearly every Tuesday, and found me improving, and told me not to go out of my room until the first day of May. I took no cold while under your treatment, my appetite became first-rate, and you told me to eat everything I wished of a nutritious nature, and to exercise about the room as much as possible. I followed your advice, and to the surprise of my old physician and friends, I seem much better than I have been for several years, and breathe better than I ever expected a person could with one lung, the left being completely dried up. I feel very grateful to you, and consider your advice and medicines invaluable.

Yours, truly, T. S. SHELDON.

Dr. Schenck—Dear Sir:—About two years ago I was taken with a very troublesome cough and a pain in my breast; seven or eight months passed away without *my doing anything for* myself. Then I applied to a physician, who attended me for about three months without rendering me any service. I also obtained the advice and treatment of a physician in one of our hospitals, and also had the advice and treatment of two other physicians, but all to no purpose. During this long space of time I was nearly dead; several times my friends came to see me and witness my exit into the spirit-world. I was confined to my bed two months at one time. My breathing was exceedingly short. I gave up several times all hope of getting better; and as regarded getting well, that was entirely out of the question.—And to think this day I am well and hearty!—I was advised by some of my friends to try Dr. Schenck's Medicines. I accordingly bought bottle after bottle, until I reached the ninth; then I found a decided change in my cough for the better. I suffered severely from palpitation of the heart, and two weeks after I commenced taking your medicine this difficulty ceased.

When I first went to Dr. Schenck's office it was with difficulty that I could get up into his reception room, I was so weak and so swelled; my skin was as sallow as though I had the jaundice; I felt dull, heavy and sleepless. Dr. Schenck, after examining me, said both my lungs were affected, and gave me but little hope; but his medicines, in about two weeks, took right hold of me; it seemed to go right through my whole system. The Pulmonic Syrup, Sea-weed Tonic and Mandrake Pills, all took right hold in the right place. The Pills brought away great quantities of bile and slime; the Syrup loosened the matter in my lungs, which came off very free; the Sea-Weed Tonic gave me an appetite, and everything seemed to taste good.

To show what great power the medicines have in purifying my system, and to show how bad I was diseased, beside all the bile that passed my bowels, and the great quantities of phlegm and matter I expectorated, I broke out all over in large boils, that would continue to gather and run for about six weeks, and I had at one time over twenty-five boils. I have nothing of the kind now, and feel like another person altogether. I can safely say that I have not enjoyed such health for five years as I do now, and cannot praise you and your medic
